MEERZA OIL SERVICE

ميرزا اويل للخدمات النفطية

WHO WE ARE

The (KPT) Kuwait Projects Company for General Trading and Contracting for building is the main parent company, and under it falls the enemy of giant companies and branches of its most important branches MEERZA OIL. MEERZA OIL for Oil Services was established in 1980 and is considered one of the most important centers for the sale and purchase of all petroleum products. It has also accomplished some works related to oil and logistical services, such as extending oil and gas pipelines, building construction of steel and concrete tanks, cleaning oil refineries, maintenance work, and others in this field. Meerza Oil supplies all heavy equipment and others, works on roads and bridges, and maintains all infrastructure buildings, and has engineers with expertise and high capabilities. We look forward to MEERZA OIL towards a bright tomorrow and deal with its customers with respect. Our motto is honesty and constant work with all its valued clients.

MEERZA OIL SERVICES is an oil and gas service company with offices in Kuwait, city and . Since its establishment in 2008, MEERZA OIL assets have increased rapidly, providing its clients in the energy sector with quality and proactive services and support strategies to assist in achieving their business objectives. The organizational structure favors functional designs, to enable the MEERZA OIL business model to be innovative and responsive to the emerging growth opportunities in Kuwait. Starting with logistic and life support services, MEERZA OIL has grown over the decade to be a formidable operation overlooking the entire GCC region including Iraq where MEERZA OIL has established a solid presence across the country with operating facilities and workshops to ensure an effective and efficient support system for its client base. In addition, Silk Road Group has established a 'Procurement and Supply Chain Management Office' and an engineering service operation in ERBIL & IRAQ, & Dubai and Beirut to support activities for the Middle East.

Currently MEERZA OIL has taken a proactive role in maintenance activities and planning, which amended our scope of service with our clients to include shutdowns and construction activities. Moreover, MEERZA OIL has increased its assets of machineries and equipment to complement our camp and fabrication workshop in Kuwait city order to stay close to many of our clients other. The new facility shall ~~have~~ be MEERZA OIL main field operation and is designed to hold 100 staff and a training facility. Despite the current challenging times, MEERZA OIL is progressing with relentless commitment to safety, quality and unlocking its potential to improve its value to its clients and their strategic growth.

Cordially yours,

ENG. FOUEAD K. MEERZA
Company Director

LETTER FROM THE MANAGER AREA

The determination to achieve with a persisting pledge to quality has inspired us to build and establish ourselves as competitors across the regional market, offering quality service, and competitive value to help our clients with the appropriate technologies, quality, and the initiatives to achieve their business objectives and meet their commitments.

Since 2008, our business has grown steadily, adding to our portfolio a host of services to include fabrication, manufacturing, plant and pipeline maintenance, integrity management services, engineering and management.

Our growth has prompted us to develop our internal infrastructure to support operations in KUWAIT through an integrated management system and the development of our staff to ensure our clients always receive the best value.

Thank you very much

**ENG.SAMI DIAB
